

Swiss precision for excellent audio quality

# VOICE TECHNOLOGIES

## **VT500WATER Waterproof Lavalier Microphone IPX-7 certificated**

**No recording gets washed away.**

The VT500WATER is a waterproof version (IPX-7 certificated) of the VT500 lavalier microphone.

Due to a special molding injection treatment the microphone can even be temporarily situated completely under water, without taking any damage. This enables a special flexible use in broadcast and live area or even at sports events.

In addition the microphone is rugged and shockproof. Voice Technologies counts also on an especially flexible cable, which has excellent isolation from handling noise.

The Voice Technologies VT500WATER comes in the solid, waterproof VTO box with the following accessories:

- Alligator Clip
- Professional Windscreen
- Tie Tac Clip
- Dracula Mount
- Rubber Body Mount

**Application area:** Broadcast- and live area - Sports events
