

Swiss precision for excellent audio quality

VOICE TECHNOLOGIES

VT506WATER Miniature Lavalier Microphone IPX-7 certificated

No recording gets washed away.

The Voice Technologies VT506WATER is a waterproof version (IPX-7 certificated) of the VT506 lavalier microphone.

Due to a special molding injection treatment the microphone can even be temporarily situated completely under water, without taking any damage. This enables a special flexible use in broadcast and live area or even at sports events.

In addition the microphone is rugged and shockproof. Voice Technologies counts also on an especially flexible cable, which has excellent isolation from handling noise.

The Voice Technologies VT506WATER comes in the solid, waterproof VTO box with the following accessories:

- Alligator Clip
- Professional Windscreen
- Tie Tac Clip
- Dracula Mount
- Rubber Body Mount

Application area: Broadcast and live area - sport events
