

Swiss precision for excellent audio quality

VOICE TECHNOLOGIES

VT403 Vocal Lavalier Microphone

Best sound on every stage.

The Voice Technologies VT403 is an ultra-miniature Hi-SPL microphone for use with a wireless body pack transmitter.

The microphone is fitted with a subminiature microphone capsule and has a high electromagnetic interference protection. It has an open and clear sound and is excellent for vocalists and stage presentations. The VT403 has a very low inherent noise and a low distortion for high sound pressure levels.

The Voice Technologies VT403 comes in the solid, waterproof VTO box with the following accessories:

- Alligator Clip
- Miniature Windscreen
- Miniature Magnetic Clip
- Dracula Mount
- Rubber Body Mount

Application area: Stage - Musical - Vocals
